

# DAY 2

**BREAKING  
DOWN  
IS A PROBLEM**

**OBJECTS  
ARE SCARY**

**VERSION  
CONTROL  
ISN'T SO BAD**

**RUBY  
KOANS  
ALSO SCARY**

# QUESTIONS?

Now that you've had some time to digest it:

- Questions about yesterday's material?

# DAILY FORMAT

**REVIEW:** Discuss the previous day's material, and go over the results of your individual exercises

**TOPIC 1:** Warm-up topic, generally introducing something new

**TOPIC 2:** The middle-child of topics

**TOPIC 3:** The "Why should I care?" and background

# REPORT / REVIEW PT 1

## BREAKING DOWN (i s ) A PROBLEM

So, where did we get with this?

# REPORT/REVIEW PT 2

## RUBY KOANS

How did that go?

# DAY 2

**BREAKING  
DOWN  
IS A PROBLEM**

**OBJECTS  
ARE SCARY**

**VERSION  
CONTROL  
ISN'T SO BAD**

**RUBY  
KOANS  
ALSO SCARY**

**OBJECTS**

**ONLY A LITTLE SCARY**

It's time for a game!

(We skipped this today)

# DAY 2

**BREAKING  
DOWN  
IS A PROBLEM**

**OBJECTS  
ARE SCARY**

**VERSION  
CONTROL  
ISN'T SO BAD**

**RUBY  
KOANS  
ALSO SCARY**

# REPORT/REVIEW PT 2

Let's:

- **fork** the Ruby Koans repo
- **check out** your fork of the repo
- make some **tests pass** (ruby path\_to\_enlightment.rb)
- **commit** your changes
- **push** your changes to github
